AFTER THE FREEZE

Most nurserymen in this area had heavy losses of container plants during the severe freeze of January, 1962. Since many of our best varieties of Camellias were almost entirely in containers, our stock is now severely limited.

We have done everything possible to offer as many sizes and varieties as we could in this catalog, in most cases at no increase in price. We were fortunate in that our pot size plants, and rooted cuttings, were mostly under glass and undamaged by the freeze.

Many of the gallon size survived and are beautiful plants now. In addition, we have moved a lot of the pot size plants up to gallon cans and they have made excellent growth. But we do not feel these younger plants will be equal to the regular grade until after May 1, 1963. However, they are much better than the pot size, and roots extend to the outside of the can. UNLESS YOU CHECK "() Refund money for items not available." on the order blank, we will substitute these smaller plants for the regular gallon grade if necessary, and make a refund of 25%. Some of these smaller plants have a bloom bud or two, and if not budded, are over 12 inches in height. If you wish, write in "no smaller plants in gallon size unless budded."

Of course if you allow us to substitute other varieties (use the order blank to check the appropriate item), we should be able to send top grade gallon size plants -- at least until stocks are exhausted.

WE SUGGEST YOU ORDER EARLY. WE WILL BE GLAD TO SET PLANTS ASIDE IF YOU DO NOT WISH IMMEDIATE SHIPMENT. IT SEEMS CERTAIN THAT MANY ITEMS WILL BE EXHAUSTED EARLY IN THE SEASON.

ROOTED CUTTINGS

This catalog should reach our customers in September, and most of our rooted cuttings will not be ready until November or later. Keep this in mind when ordering. We will be glad to accept orders for shipment when the cuttings are ready.

ILLUSTRATED CATALOG

Due to our limited stock, we could not justify the printing of an illustrated catalog this year. But we still have copies of the 1962 catalog available if you wish one or want a friend to have one. The inclosed card makes it easy to order.

NEW BOOK

The book "How to Grow Camellias" (described on page 25 of our illustrated catalog) has been revised and renamed "How to Grow and Use Camellias". The new price is \$1.95.

CAMELLIAS OR DINNER PLATES?

They're getting bigger and bigger. The wonderful development of really large Camellia blooms (over five inches in diameter) has continued. We now list approximately 25 varieties with the symbol "(VL)" following the description in the FORM column, meaning "very large". A few are listed "(L-VL)" which is a borderline category.

At the other end of the size classification, are the miniatures which are shown by the symbol "(min)" following the FORM designation. A miniature is 2-1/2 inches or less in diameter.

Also added this year is the symbol "(fim)" to indicate varieties which usually (but not always) have fimbriated or serrated petals. For example, the new variety HAWAII is a fimbriated sport of C. M. WILSON.

THE SHOW WINNERS

As is our custom, we publish the winners of the ACS-sponsored Camellia Shows, tabulating them by the number of times a variety receives "Best in Show" awards. TOMORROW'S DAWN enters the top rank very dramatically this year. GUILIO NUCCIO seems firmly established now among the top three "families", and DRAMA GIRL has alternated with MRS. D. W. DAVIS for fourth family honors. REG RAGLAND jumps to the position of four-time winner this year, after winning only one show last year. CARTER'S SUNBURST is a three-time winner for the first time this year.

<u>Variety</u>	<u>Awards</u>
1. VILLE DE NANTES.....	11
2. TOMORROW & VAR.....	8
3. TOMORROW'S DAWN.....	7
4. GUILIO NUCCIO.....	6
5. DONCKELARI.....	6
6. DRAMA GIRL.....	4
7. REG RAGLAND.....	4
8. MRS. D. W. DAVIS.....	3
9. CARTER'S SUNBURST.....	3
10. EMMETT BARNES.....	3
11. WILDWOOD.....	3

Varieties having the same number of awards we have ranked, where possible, by taking into account last year's winners.
